THE SPIRIT:

(PERSONAL SERVICE)

The character of service that a bank can render, may be efficient, but still its lacks much if the service is not rendered with the spirit of enthusiasm and friendliness.

It is the aim of this institution to be a co-worker with its customers and to provide for their needs, efficiently of course, but more than that, with the spirit of helpful service.

The Most Practical Remedy § For High Prices

THE ONLY REMEDY for High prices and Abnornal Profits is Increased Production. The markets must have a greater supply. Economists agree that increased production to a large extent depends upon NEW CAPITAL, and that new capital can be produced in sufficient quantities only through ECONOMY and SAVING.

> EVERY community in America should make a special effort in 1920 to PRODUCE SAVINGS.

SAVINGS make CAPITAL---CAPI-TAL makes PRODUCTION, THERE-FORE Saving will reduce the High Cost
